Grant Details:

1. Jeux Canada Games Foundation.

They are interested in breaking precedent and starting to fund equipment for schools and community associations. They are interested in reviewing an application from the CSCC for sports equipment. I will say that they sound more keen to fund adaptive equipment for students with diverse abilities and I wondered what is the inventory of adaptive equipment at Pius?

- The deadline for applying is the third week of Nov. What I need from Pius Admin is:
- type of equipment needed
- anticipated cost to purchase the equipment.
- information on how to fill out the non-profit # etc

2. Canada Post Grants

Small project grants (up to \$5,000)

Project grants are project-specific and cannot be used for general funding. Eligible projects should increase the capacity of an organization and create or expand services, rather than maintaining existing services. Examples: playground equipment, park upgrades, library supplies, after-school programs, etc.

Organizations eligible:

Schools (as defined by the Education Act in each province)

School/parent organizations

Note: Playground equipment is only eligible for a small project grant (\$5,000 and under).

Literacy

Academics New IA hired for Kindergarten (Mme C.) and French language monitor M.

Jeremie with us until January.

A few registrations are still trickling in; 328 students currently enrolled.

Grades 4, 6 and 8 are completing a French writing assessment this month and Grades 3 and 4 are completing a new math assessment. Grades 1 and 2 will be completing a French reading assessment. The results of these will help guide instruction as we get further into the year.

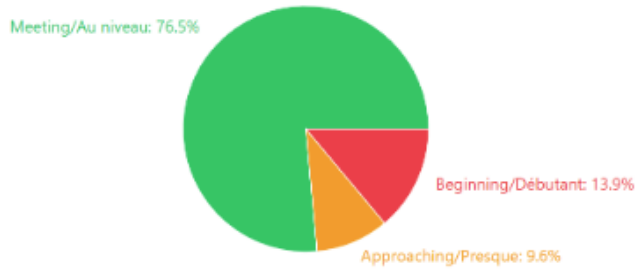

We have been examining trends and target areas for our students based on last year's assessments; improving literacy and writing scores remains a goal for our school improvement plan. Some great news however:

Grades 6 to 8 (French reading):

1:1 student devices in Grades 4 to 8 - concerns from parents about access to certain websites. We have reviewed the following practices with our staff: We are also guided by RCSD admin application 8800 which outlines responsible use of technology by students. All teachers must also teach a series of digital citizenship lessons prior to students having access to technology at school (tied to curricular outcomes in ELA, FLA, Religion, Hygiène and Sciences humaines). Mme Vany distributed handouts as examples.

***Action - Social/Edsby post will be developed for distribution. Koryn/Ashley/Mme Vany

Safe and Orderly Environment

Rear bus evacuation drill was held today. Still working on coordinating a plan with Argyle school and Gator Park daycare to plan a fall lockdown drill.

Parking/ stopping in the driveway loop and the bus lane on Lakeview Avenue has gotten better but with colder days have had a few conversations with parents and carers about designated parking zones in these areas.

Updating our student expectation matrix (hasn't been revised since 2021).

Quality Relationships

We welcomed 4 3rd-year pre-service teachers to our school last week (working with Mme Friesen and Mme Firnesz) and this week we are hosting 6 (maybe 7) 1st-year pre-service teachers in Mme Holt, Mme Schieman and Mme Friesen's Rooms.

Phoenix vs Argyle volleyball game on October 30th .

Parent volunteer Brian Evans and teacher on leave Mme Luff coaching our volleyball teams.

Cross-country season finished October 2nd - final results are not out yet but it looks like St Pius came in 2nd overall and may possibly come out on top for participation points.
